

# Rockbuster Stealth LLC

A Data-Driven Approach to Digital Expansion

By Gal-Erdene Gantulga  
March 2024

# Overview

## Motivation

Facing tough competition from online streaming giants like Netflix and Amazon Prime, the Rockbuster Stealth management team is gearing up to leverage its existing movie licenses by launching an online video rental service to stay in the game.

## Objective

The primary goal is to pinpoint high-value customers and keep them engaged through a rewards program.

## Key Questions

Which movies brought in the most/least revenue?

What's the average rental duration for all videos?

Where are Rockbuster customers located?

Do sales numbers differ across different regions?

599

# Customer Location and Revenue

## Trends

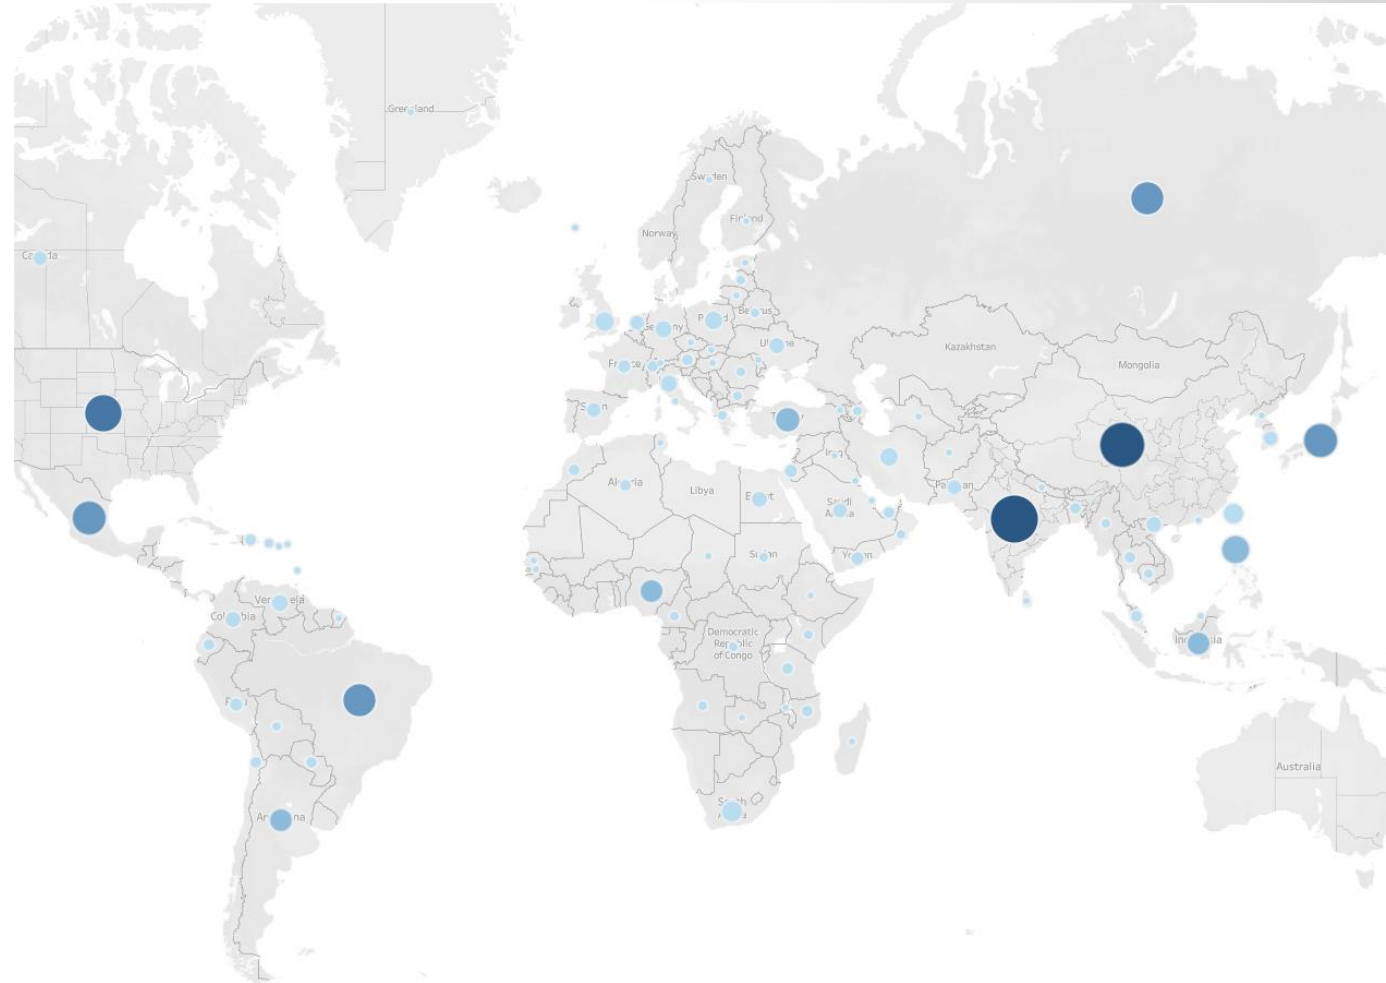

### Canadian Store

80 Supplied Countries  
273 registered cutomers  
27,690\$ Revenue

### Australian Store

81 supplied countries  
326 registered customers  
33,621\$ Revenue

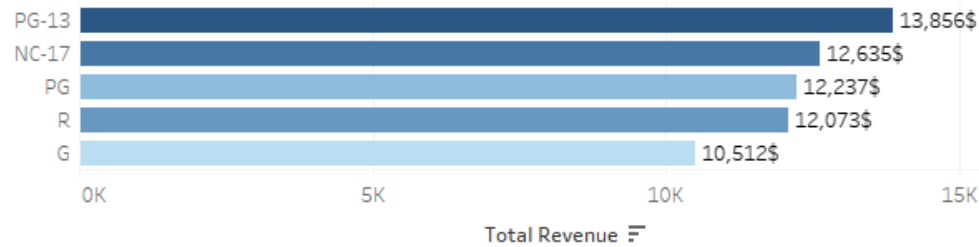

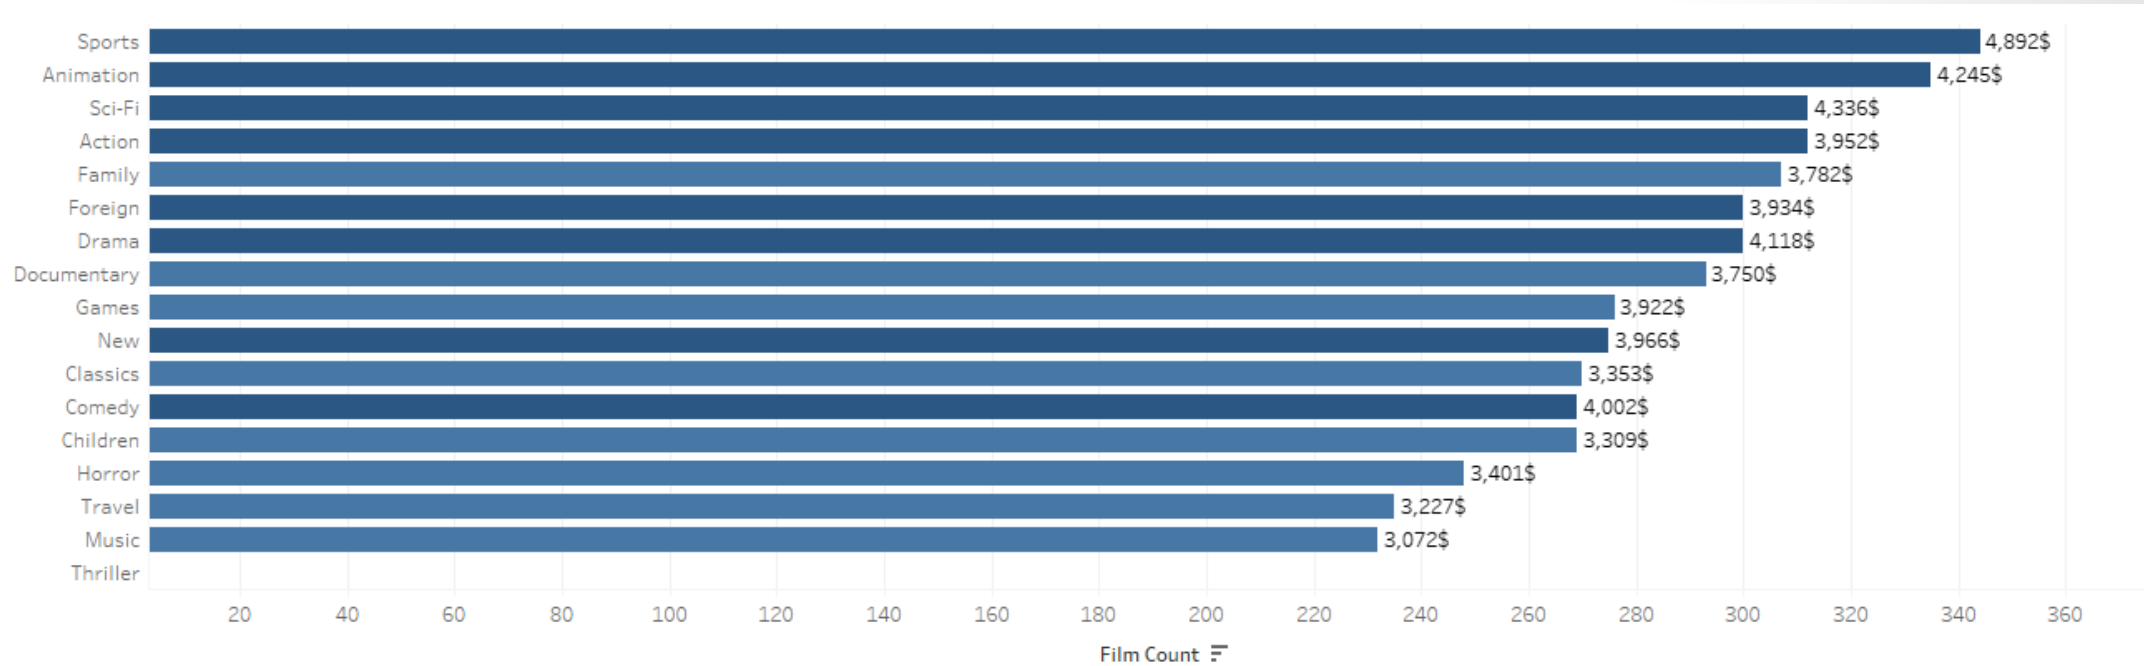

The Darker shading indicates higher revenue, while a bigger circke signifies a higher number of customers. Our map illustrates that countries with more customers tend to generate higher revenue. The Asian market emerges as the largest in both revenue and customer numbers.

## Conclusion

### Recommendations

#### Focus on those who bring more

Concentrate on lucrative markets: India, China, and the U.S.

Expand language offerings to include more titles in Hindi, Chinese, and Japanese.

#### Expand the Library

Increase rental Fees and Broaden the collection of titles for top-performing genres: drama, gaming, and sports.

#### Further Analysis

Digging deeper into the popularity of titles within genres would help pinpoint which specific titles and subgenres to focus on.
